GENERAL TERMS OF SALE AND DELIVERY (GTSD)

Arnold & Richter Cine Technik GmbH & Co Betriebs KG for Merchants¹

1. General; Scope

The terms and conditions delineated herein shall be the sole terms and conditions which apply to all of ARRI's current and future business transactions. Unless ARRI has approved of such in writing, any terms or conditions which conflict with, deviate from or modify the terms and conditions delineated herein shall not be binding on ARRI irrespective of whether ARRI had prior notice of such terms or conditions. ARRI hereby expressly objects to any such conflicting, deviating or modified terms or conditions.

2. Contract Formation

- 2.1 Any offers made by ARRI shall be without obligation and subject to change without notice provided that the parties have not agreed to a lock-up period.
- 2.2 The customer is bound to its order for a period of four weeks after its receipt by ARRI. A contract is deemed to exist upon the customer's receipt of ARRI's written confirmation regarding the order or the effective delivery of the applicable goods to the customer pursuant to the terms hereof.
- 2.3 The scope and type of delivery for an order shall be established solely through ARRI's written confirmation relating to such order. Any errors or omissions in ARRI's sales prospectus, pricelists, offer documents or other related documentation may be amended without ARRI incurring any liability for damages or compensation in relation to such errors or omissions.

3. Payment, Set-Off, Withholding

- 3.1 The purchase price for the contract shall be that price which is specified by ARRI for such contract and shall apply *ex works*, exclusive of any value-added tax; if the price is not indicated, the pricelist then in effect shall apply. If the sale has occurred through delivery to a place other than the place of performance (at the customer's request), any costs incurred for packaging, shipping, freight, customs or other related costs will be charged separately. If the customer fails to accept delivery when tendered by ARRI, it must nevertheless make payment.
- 3.2 In the event that the manufacturing costs for the contracted goods (including, but not limited to, wages, salaries, materials or production costs) rise subsequent to formation of the contract, ARRI shall have the right to increase the purchase price in accordance therewith.
- 3.3 Invoices from ARRI are due upon ARRI making the goods available to the customer and are payable without deductions within 10 days of the issuance thereof. Upon a default in payment, any overdue amounts will accrue interest at a rate of 8% above the basic interest rate. ARRI reserves its right to assert any further claims regarding damages resulting from a default.
- 3.4 The customer can offset its payments only if its counterclaim thereto have been judicially sustained or recognized by a declaratory judgment. A right to withholding shall only apply to counterclaims arising specifically from the contract which is the subject of such withholding.

4. Delivery

- 4.1 The dates for delivery and/or the making available of the goods are not binding unless a date for such has been agreed to in writing by ARRI.
- 4.2 ARRI is entitled to carry out advance and/or partial deliveries of the goods.
- 4.3 In the event that ARRI is unable to deliver or make the goods available to the customer due to events of force majeure lasting for a period of three months or more, ARRI's obligation to deliver or make the goods available shall be deemed extinguished in its entirety.
- 4.4 ARRI shall be entitled to postpone delivery or availability of the goods for the entire duration of the force majeure events.
- 4.5 Events of force majeure shall be deemed to be any events which are beyond ARRI's control and which make delivery impossible or unreasonably difficult, including, for example, strikes, lawful lockouts, war, import or export prohibitions, scarcity of energy supplies or raw materials, or the delayed delivery to ARRI of goods required for the performance of its obligations hereunder for reasons beyond ARRI's control. If ARRI is released from its obligations as described in Section 4.3 above, the customer shall be entitled to rescind the applicable contract. Compensation for damages for non-performance can be claimed by the customer only if the default in delivery is due to ARRI's gross negligence or is intentionally caused by ARRI.

5. Transfer of Risk

- 5.1 The risk of loss or damage to the goods passes to the buyer as soon as ARRI has dispatched the goods from its premises (i.e., plant, factory or warehouse) or upon the surrendering of the goods to the applicable carrier or to the customer itself, as the case may be. The above shall also apply in the event that ARRI serves as the carrier for the goods.
- 5.2 If the forwarding or collection of the goods is delayed due to reasons attributable to the customer, the risk of loss shall be transferred to the customer upon the readiness of the goods for dispatch.

6. Defective Goods

- 6.1 The customer must inspect the delivered goods immediately upon its receipt of such. The customer must notify ARRI in writing of any apparent defects within one week of the goods' receipt. ARRI must be notified of hidden defects in writing within two weeks of their emergence but in no event later than one year after delivery of such goods. In the event that the customer fails to meet the aforementioned notification obligations, the goods shall be deemed to have been accepted and the rights set forth in Sections 6.2 and 6.3 below shall not be in effect.
- 6.2 In the event that the customer has notified ARRI of defects in a timely manner and is thus eligible to make a claim for re-performance, ARRI shall have the right, at its own cost, either to remedy the defect or to redeliver conforming goods.
- 6.3 If ARRI twice fails to remedy a defect or if ARRI is otherwise unable to accomplish its re-performance obligation or fails to do so within a time period reasonably set forth by the customer, the customer shall be entitled to reduce the purchase price under the contract or to cancel the contract. Instead of seeking performance, the customer can make a claim for damages or for compensation for expenses. However, if the customer elects to rescind the contract it shall have no right to make any claim for damages with respect to the defective goods.
- 6.4 Provided that ARRI has not acted fraudulently, any claims of the customer regarding the goods shall become void and unenforceable one year after delivery of the applicable goods.

7. Liability

- 7.1 ARRI shall be liable for any damage hereunder caused by it intentionally or caused by its gross negligence.
- 7.2 In the event of simple negligence by ARRI, ARRI shall be liable only for ordinary and foreseeable damage arising from the contract, and only to the extent that ARRI has breached material contractual obligations. Further, in the event of simple negligence by ARRI, ARRI shall be liable for personal injury and/or health-related damage attributable to ARRI.
- 7.3 ARRI shall not be liable for consequential damages and unforeseen damages (including consequential damages resulting from defective goods) as well as loss of profits in the event it has acted with simple negligence.
- 7.4 ARRI shall be subject to no liability beyond that which is delineated in this Section 7.
- 7.5 To the extent that ARRI's liability is excluded or limited, such exclusion or limitation shall apply to any persons or entities employed by ARRI in the performance of its contractual obligations.
- 7.6 The limitations of liability delineated herein shall not apply to any legally prescribed strict liability, in particular any such strict liability arising from laws regarding guarantees or product warranties.

8. Retention of Title

- 8.1 Ownership of the delivered goods shall remain with ARRI until it has received full payment for such goods. Title to the goods shall first pass to the customer upon ARRI's receipt of all payments which are due under the current applicable contract.
- 8.2 Prior to obtaining title to the goods, the customer is not entitled to pledge, to assign by way of security, to process or to alter the goods. The customer is, however, authorized to sell the goods to third parties in the ordinary course of business unless a non-assignability agreement regarding the consideration exists between the customer and the third party. If a third party acquires an interest in the goods through a resale to such party, the customer agrees to assign to ARRI all of its correlating rights and claims against such third party. ARRI hereby accepts such assignment.
- 8.3 Any combination, amalgamation and/or processing of the goods (sections 947, 948 and 950 BGB [German Civil Code]) shall be deemed to have been made on behalf of ARRI. ARRI shall acquire title to the resulting product in the ratio of the invoiced value of the goods and services provided by ARRI to the total invoiced value of the resulting product. If the goods have been re-sold to a third party, the assignment of rights and claims performed in accordance with Section 8.2 above shall be valid solely up to the amount of the invoiced value of goods and services provided by ARRI.
- 8.4 Upon a default in payment by the customer, ARRI has the right to disclose to any applicable third party that it holds an interest in the goods pursuant to the assignment delineated above and to assert any of its claims directly. The customer is obligated to provide and deliver to ARRI all documentation required for the assertion of such claims. The customer must also make available to ARRI, completely and in a timely fashion, all information about any events that might affect the obligations described above.

9. Jurisdiction; Governing Law

- 9.1 The parties hereto agree that the exclusive jurisdiction for any transaction and/or contract between the parties is Munich, Germany.
- 9.2 The relationship of the parties hereto shall be exclusively governed by and in all respects construed in accordance with the laws of the Federal Republic of Germany with no application whatsoever of the United Nations sales law.

Streik, rechtmäßige Aussperrung, Krieg, Ein- und Ausfuhrverbote, Energie- und Rohstoffmangel und von ARRI nicht zu vertretende, nicht rechtzeitige Selbstlieferung. Wird ARRI von seiner Lieferpflicht frei, kann der Kunde vom Vertrag zurücktreten. Schadensersatz wegen Nichterfüllung darf der Kunde nur geltend machen wenn der Lieferverzug auf grobem Verschulden oder auf Vorsatz von ARRI beruht.
- ## 5. Gefahrübergang
- 5.1 Die Gefahr geht auf den Kunden über, sobald der Vertragsgegenstand ab Werk abgesendet bzw. an die den Transport ausführende Person oder den Kunden übergeben wird. Dies gilt auch beim Transport durch ARRI.
 - 5.2 Verzögert sich der Versand bzw. die Abholung infolge von Umständen, die der Kunde zu vertreten hat, so geht die Gefahr mit der Versandbereitschaft auf ihn über.

6. Rechte des Kunden bei Mängeln

- 6.1 Der Kunde hat die Sache unverzüglich zu untersuchen. Offensichtliche Mängel sind binnen einer Woche nach Zugang der Ware schriftlich anzuzeigen, verdeckte Mängel binnen 2 Wochen nach deren Auftreten, spätestens innerhalb eines Jahres. Versäumt der Kunde diese Ausschlussfristen gilt die Ware als genehmigt. Rechte aus Ziffer 6.2 und 6.3 bestehen nicht.
- 6.2 Steht dem Kunden aufgrund eines rechtzeitig angezeigten Mangels ein Nacherfüllungsanspruch zu, kann ARRI den Mangel unentgeltlich beseitigen oder eine mangelfreie Sache liefern.
- 6.3 Schlägt eine Nachbesserung durch ARRI zweimal fehl, erbringt ARRI die Nacherfüllung nicht oder nicht innerhalb der vom Kunden gesetzten angemessenen Nachfrist, kann der Kunde mindern oder vom Vertrag zurücktreten. Der Kunde kann statt der Leistung Aufwendungs- oder Schadensersatz verlangen. Wählt der Kunde den Rücktritt vom Vertrag, steht ihm daneben kein Schadensersatz wegen des Mangels zu.
- 6.4 Die Ansprüche des Kunden verjähren 1 Jahr nach Übergabe der Ware sofern ARRI nicht arglistig handelt.

7. Haftung

- 7.1 ARRI haftet für Vorsatz und grobe Fahrlässigkeit.

- 7.5 Soweit die Haftung von ARRI ausgeschlossen oder beschränkt ist, gilt dies auch für die persönliche Haftung von Erfüllungsgehilfen.
- 7.6 Diese Haftungsbeschränkungen gelten nicht für eine gesetzlich vorgeschriebene verschuldensunabhängige Haftung, insbesondere aus Garantie oder Produkthaftungsgesetz.

8. Eigentumsvorbehalt

- 8.1 Die gelieferten Waren bleiben bis zur vollständigen Bezahlung Eigentum von ARRI. Das Eigentum geht erst mit Ausgleich sämtlicher Verbindlichkeiten aus der laufenden Geschäftsbeziehung auf den Kunden über.
- 8.2 Der Kunde ist nicht berechtigt, die Vorbehaltsware zu verpfänden, zur Sicherung zu übereignen, zu verarbeiten oder umzugestalten. Er ist berechtigt, die Ware im ordentlichen Geschäftsgang an Dritte zu veräußern, es sei denn, es besteht für die Gegenleistung ein Abtretungsverbot zwischen dem Kunden und dem Dritten. Erwirbt ein Dritter Rechte an dem Sicherungsgut, so tritt der Kunde schon jetzt sämtliche hierdurch entstehenden Rechte an ARRI ab, die durch die Weiterveräußerung gegen den Dritten erwachsen. ARRI nimmt die Abtretung an.
- 8.3 Eine Verbindung, Vermischung oder Verarbeitung des Vertragsgegenstandes (§§ 947, 948 und 950 BGB) gilt als im Auftrag von ARRI erfolgt. ARRI erwirbt das Eigentum an der hergestellten Sache im Verhältnis des Rechnungswertes der eigenen Leistung zum Gesamtrechnungswert der hergestellten Sache. Im Falle der Weiterveräußerung gilt die Abtretung der Forderung aus dem Weiterverkauf entsprechend Ziffer 8.2 nur bis zur Höhe des Rechnungswertes der von ARRI erbrachten Leistung.
- 8.4 Bei Verzug des Kunden kann ARRI Sicherungsrechte offen legen und alle Rechte selbst geltend machen. Der Kunde muss ARRI alle Unterlagen zur Geltendmachung aushändigen sowie umfassend und rechtzeitig von jedem obige Verpflichtungen betreffenden Vorgang Auskunft erteilen.

If the customer fails to accept delivery when tendered by ARRI, it must nevertheless make payment.
- 3.2 In the event that the manufacturing costs for the contracted goods (including, but not limited to, wages, salaries, materials or production costs) rise subsequent to formation of the contract, ARRI shall have the right to increase the purchase price in accordance therewith.
- 3.3 Invoices from ARRI are due upon ARRI making the goods available to the customer and are payable without deductions within 10 days of the issuance thereof. Upon a default in payment, any overdue amounts will accrue interest at a rate of 8% above the basic interest rate. ARRI reserves its right to assert any further claims regarding damages resulting from a default.
- 3.4 The customer can offset its payments only if its counterclaim thereto have been judicially sustained or recognized by a declaratory judgment. A right to withholding shall only apply to counterclaims arising specifically from the contract which is the subject of such withholding.

4. Delivery

- 4.1 The dates for delivery and/or the making available of the goods are not binding unless a date for such has been agreed to in writing by ARRI.
- 4.2 ARRI is entitled to carry out advance and/or partial deliveries of the goods.
- 4.3 In the event that ARRI is unable to deliver or make the goods available to the customer due to events of force majeure lasting for a period of three months or more, ARRI's obligation to deliver or make the goods available shall be deemed extinguished in its entirety.
- 4.4 ARRI shall be entitled to postpone delivery or availability of the goods for the entire duration of the force majeure events.
- 4.5 Events of force majeure shall be deemed to be any events which are beyond ARRI's control and which make delivery impossible or unreasonably difficult, including, for example, strikes, lawful lockouts, war, import or export prohibitions, scarcity of energy supplies or raw materials, or the delayed delivery to ARRI of goods required for the performance of its obligations hereunder for reasons beyond ARRI's control. If ARRI is released from its obligations as described in Section 4.3 above, the customer shall be entitled to rescind the applicable contract. Compensation for damages for non-performance can be claimed by the customer only if the default in delivery is due to ARRI's gross negligence or is intentionally caused by ARRI.

5. Transfer of Risk

- 5.1 The risk of loss or damage to the goods passes to the buyer as soon as ARRI has dispatched the goods from its premises (i.e., plant, factory or warehouse) or upon the surrendering of the goods to the applicable carrier or to the customer itself, as the case may be. The above shall also apply in the event that ARRI serves as the carrier for the goods.
- 5.2 If the forwarding or collection of the goods is delayed due to reasons attributable to the customer, the risk of loss shall be transferred to the customer upon the readiness of the goods for dispatch.

6. Defective Goods

- 6.1 The customer must inspect the delivered goods immediately upon its receipt of such. The customer must notify ARRI in writing of any apparent defects within one week of the goods' receipt. ARRI must be notified of hidden defects in writing within two weeks of their emergence but in no event later than one year after delivery of such goods. In the event that the customer fails to meet the aforementioned notification obligations, the goods shall be deemed to have been accepted and the rights set forth in Sections 6.2 and 6.3 below shall not be in effect.
- 6.2 In the event that the customer has notified ARRI of defects in a timely manner and is thus eligible to make a claim for re-performance, ARRI shall have the right, at its own cost, either to remedy the defect or to redeliver conforming goods.
- 6.3 If ARRI twice fails to remedy a defect or if ARRI is otherwise unable to accomplish its re-performance obligation or fails to do so within a time period reasonably set forth by the customer, the customer shall be entitled to reduce the purchase price under the contract or to cancel the contract. Instead of seeking performance, the customer can make a claim for damages or for compensation for expenses. However, if the customer elects to rescind the contract it shall have no right to make any claim for damages with respect to the defective goods.
- 6.4 Provided that ARRI has not acted fraudulently, any claims of the customer regarding the goods shall become void and unenforceable one year after delivery of the applicable goods.

7. Liability

- 7.1 ARRI shall be liable for any damage hereunder caused by it intentionally or caused by its gross negligence.
- 7.2 In the event of simple negligence by ARRI, ARRI shall be liable only for ordinary and foreseeable damage arising from the contract, and only to the extent that ARRI has breached material contractual obligations. Further, in the event of simple negligence by ARRI, ARRI shall be liable for personal injury and/or health-related damage attributable to ARRI.
- 7.3 ARRI shall not be liable for consequential damages and unforeseen damages (including consequential damages resulting from defective goods) as well as loss of profits in the event it has acted with simple negligence.
- 7.4 ARRI shall be subject to no liability beyond that which is delineated in this Section 7.
- 7.5 To the extent that ARRI's liability is excluded or limited, such exclusion or limitation shall apply to any persons or entities employed by ARRI in the performance of its contractual obligations.
- 7.6 The limitations of liability delineated herein shall not apply to any legally prescribed strict liability, in particular any such strict liability arising from laws regarding guarantees or product warranties.

8. Retention of Title

- 8.1 Ownership of the delivered goods shall remain with ARRI until it has received full payment for such goods. Title to the goods shall first pass to the customer upon ARRI's receipt of all payments which are due under the current applicable contract.
- 8.2 Prior to obtaining title to the goods, the customer is not entitled to pledge, to assign by way of security, to process or to alter the goods. The customer is, however, authorized to sell the goods to third parties in the ordinary course of business unless a non-assignability agreement regarding the consideration exists between the customer and the third party. If a third party acquires an interest in the goods through a resale to such party, the customer agrees to assign to ARRI all of its correlating rights and claims against such third party. ARRI hereby accepts such assignment.
- 8.3 Any combination, amalgamation and/or processing of the goods (sections 947, 948 and 950 BGB [German Civil Code]) shall be deemed to have been made on behalf of ARRI. ARRI shall acquire title to the resulting product in the ratio of the invoiced value of the goods and services provided by ARRI to the total invoiced value of the resulting product. If the goods have been re-sold to a third party, the assignment of rights and claims performed in accordance with Section 8.2 above shall be valid solely up to the amount of the invoiced value of goods and services provided by ARRI.
- 8.4 Upon a default in payment by the customer, ARRI has the right to disclose to any applicable third party that it holds an interest in the goods pursuant to the assignment delineated above and to assert any of its claims directly. The customer is obligated to provide and deliver to ARRI all documentation required for the assertion of such claims. The customer must also make available to ARRI, completely and in a timely fashion, all information about any events that might affect the obligations described above.

9. Jurisdiction; Governing Law

- 9.1 The parties hereto agree that the exclusive jurisdiction for any transaction and/or contract between the parties is Munich, Germany.
- 9.2 The relationship of the parties hereto shall be exclusively governed by and in all respects construed in accordance with the laws of the Federal Republic of Germany with no application whatsoever of the United Nations sales law.

ARRI erwirbt das Eigentum an der hergestellten Sache im Verhältnis des Rechnungswertes der eigenen Leistung zum Gesamtrechnungswert der hergestellten Sache. Im Falle der Weiterveräußerung gilt die Abtretung der Forderung aus dem Weiterverkauf entsprechend Ziffer 8.2 nur bis zur Höhe des Rechnungswertes der von ARRI erbrachten Leistung.
- 8.4 Bei Verzug des Kunden kann ARRI Sicherungsrechte offen legen und alle Rechte selbst geltend machen. Der Kunde muss ARRI alle Unterlagen zur Geltendmachung aushändigen sowie umfassend und rechtzeitig von jedem obige Verpflichtungen betreffenden Vorgang Auskunft erteilen.

GENERAL TERMS OF SALE AND DELIVERY (GTSD)

Arnold & Richter Cine Technik GmbH & Co Betriebs KG for Merchants¹

1. General; Scope

The terms and conditions delineated herein shall be the sole terms and conditions which apply to all of ARRI's current and future business transactions. Unless ARRI has approved of such in writing, any terms or conditions which conflict with, deviate from or modify the terms and conditions delineated herein shall not be binding on ARRI irrespective of whether ARRI had prior notice of such terms or conditions. ARRI hereby expressly objects to any such conflicting, deviating or modified terms or conditions.

2. Contract Formation

- 2.1 Any offers made by ARRI shall be without obligation and subject to change without notice provided that the parties have not agreed to a lock-up period.
- 2.2 The customer is bound to its order for a period of four weeks after its receipt by ARRI. A contract is deemed to exist upon the customer's receipt of ARRI's written confirmation regarding the order or the effective delivery of the applicable goods to the customer pursuant to the terms hereof.
- 2.3 The scope and type of delivery for an order shall be established solely through ARRI's written confirmation relating to such order. Any errors or omissions in ARRI's sales prospectus, pricelists, offer documents or other related documentation may be amended without ARRI incurring any liability for damages or compensation in relation to such errors or omissions.

3. Payment, Set-Off, Withholding

- 3.1 The purchase price for the contract shall be that price which is specified by ARRI for such contract and shall apply *ex works*, exclusive of any value-added tax; if the price is not indicated, the pricelist then in effect shall apply. If the sale has occurred through delivery to a place other than the place of performance (at the customer's request), any costs incurred for packaging, shipping, freight, customs or other related costs will be charged separately. If the customer fails to accept delivery when tendered by ARRI, it must nevertheless make payment.
- 3.2 In the event that the manufacturing costs for the contracted goods (including, but not limited to, wages, salaries, materials or production costs) rise subsequent to formation of the contract, ARRI shall have the right to increase the purchase price in accordance therewith.
- 3.3 Invoices from ARRI are due upon ARRI making the goods available to the customer and are payable without deductions within 10 days of the issuance thereof. Upon a default in payment, any overdue amounts will accrue interest at a rate of 8% above the basic interest rate. ARRI reserves its right to assert any further claims regarding damages resulting from a default.
- 3.4 The customer can offset its payments only if its counterclaim thereto have been judicially sustained or recognized by a declaratory judgment. A right to withholding shall only apply to counterclaims arising specifically from the contract which is the subject of such withholding.

4. Delivery

- 4.1 The dates for delivery and/or the making available of the goods are not binding unless a date for such has been agreed to in writing by ARRI.
- 4.2 ARRI is entitled to carry out advance and/or partial deliveries of the goods.
- 4.3 In the event that ARRI is unable to deliver or make the goods available to the customer due to events of force majeure lasting for a period of three months or more, ARRI's obligation to deliver or make the goods available shall be deemed extinguished in its entirety.
- 4.4 ARRI shall be entitled to postpone delivery or availability of the goods for the entire duration of the force majeure events.
- 4.5 Events of force majeure shall be deemed to be any events which are beyond ARRI's control and which make delivery impossible or unreasonably difficult, including, for example, strikes, lawful lockouts, war, import or export prohibitions, scarcity of energy supplies or raw materials, or the delayed delivery to ARRI of goods required for the performance of its obligations hereunder for reasons beyond ARRI's control. If ARRI is released from its obligations as described in Section 4.3 above, the customer shall be entitled to rescind the applicable contract. Compensation for damages for non-performance can be claimed by the customer only if the default in delivery is due to ARRI's gross negligence or is intentionally caused by ARRI.

5. Transfer of Risk

- 5.1 The risk of loss or damage to the goods passes to the buyer as soon as ARRI has dispatched the goods from its premises (i.e., plant, factory or warehouse) or upon the surrendering of the goods to the applicable carrier or to the customer itself, as the case may be. The above shall also apply in the event that ARRI serves as the carrier for the goods.
- 5.2 If the forwarding or collection of the goods is delayed due to reasons attributable to the customer, the risk of loss shall be transferred to the customer upon the readiness of the goods for dispatch.

6. Defective Goods

- 6.1 The customer must inspect the delivered goods immediately upon its receipt of such. The customer must notify ARRI in writing of any apparent defects within one week of the goods' receipt. ARRI must be notified of hidden defects in writing within two weeks of their emergence but in no event later than one year after delivery of such goods. In the event that the customer fails to meet the aforementioned notification obligations, the goods shall be deemed to have been accepted and the rights set forth in Sections 6.2 and 6.3 below shall not be in effect.
- 6.2 In the event that the customer has notified ARRI of defects in a timely manner and is thus eligible to make a claim for re-performance, ARRI shall have the right, at its own cost, either to remedy the defect or to redeliver conforming goods.
- 6.3 If ARRI twice fails to remedy a defect or if ARRI is otherwise unable to accomplish its re-performance obligation or fails to do so within a time period reasonably set forth by the customer, the customer shall be entitled to reduce the purchase price under the contract or to cancel the contract. Instead of seeking performance, the customer can make a claim for damages or for compensation for expenses. However, if the customer elects to rescind the contract it shall have no right to make any claim for damages with respect to the defective goods.
- 6.4 Provided that ARRI has not acted fraudulently, any claims of the customer regarding the goods shall become void and unenforceable one year after delivery of the applicable goods.

7. Liability

- 7.1 ARRI shall be liable for any damage hereunder caused by it intentionally or caused by its gross negligence.
- 7.2 In the event of simple negligence by ARRI, ARRI shall be liable only for ordinary and foreseeable damage arising from the contract, and only to the extent that ARRI has breached material contractual obligations. Further, in the event of simple negligence by ARRI, ARRI shall be liable for personal injury and/or health-related damage attributable to ARRI.
- 7.3 ARRI shall not be liable for consequential damages and unforeseen damages (including consequential damages resulting from defective goods) as well as loss of profits in the event it has acted with simple negligence.
- 7.4 ARRI shall be subject to no liability beyond that which is delineated in this Section 7.
- 7.5 To the extent that ARRI's liability is excluded or limited, such exclusion or limitation shall apply to any persons or entities employed by ARRI in the performance of its contractual obligations.
- 7.6 The limitations of liability delineated herein shall not apply to any legally prescribed strict liability, in particular any such strict liability arising from laws regarding guarantees or product warranties.

8. Retention of Title

- 8.1 Ownership of the delivered goods shall remain with ARRI until it has received full payment for such goods. Title to the goods shall first pass to the customer upon ARRI's receipt of all payments which are due under the current applicable contract.
- 8.2 Prior to obtaining title to the goods, the customer is not entitled to pledge, to assign by way of security, to process or to alter the goods. The customer is, however, authorized to sell the goods to third parties in the ordinary course of business unless a non-assignability agreement regarding the consideration exists between the customer and the third party. If a third party acquires an interest in the goods through a resale to such party, the customer agrees to assign to ARRI all of its correlating rights and claims against such third party. ARRI hereby accepts such assignment.
- 8.3 Any combination, amalgamation and/or processing of the goods (sections 947, 948 and 950 BGB [German Civil Code]) shall be deemed to have been made on behalf of ARRI. ARRI shall acquire title to the resulting product in the ratio of the invoiced value of the goods and services provided by ARRI to the total invoiced value of the resulting product. If the goods have been re-sold to a third party, the assignment of rights and claims performed in accordance with Section 8.2 above shall be valid solely up to the amount of the invoiced value of goods and services provided by ARRI.
- 8.4 Upon a default in payment by the customer, ARRI has the right to disclose to any applicable third party that it holds an interest in the goods pursuant to the assignment delineated above and to assert any of its claims directly. The customer is obligated to provide and deliver to ARRI all documentation required for the assertion of such claims. The customer must also make available to ARRI, completely and in a timely fashion, all information about any events that might affect the obligations described above.

- 9.2 The relationship of the parties hereto shall be exclusively governed by and in all respects construed in accordance with the laws of the Federal Republic of Germany with no application whatsoever of the United Nations sales law.
